Texas should embrace sour gas not treat it like Bidens stepchild. So quit ignoring the facts that the proven technology is here to treat the SO<sub>2</sub> OR H<sub>2</sub>s or Cc<sub>2</sub> or injecting back into the formation is tried and true. You are acting like frenchmen in WW2. Lead, dont follow. There's high paying jobs at stake and national independence now matter what JOE LIES ABOUT. MAKE THIS A STATE PRIORITY AND SELL TO Europe too.
