FINAL ORDER

The Commission finds that, after statutory notice in the above-numbered docket, heard on October 3, 2012, the examiners have made and filed a proposal for decision containing findings of fact and conclusions of law, which was served on all parties of record, and that this proceeding was duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas.

The Commission, after review and due consideration of the proposal for decision and the findings of fact and conclusions of law contained therein, and any exceptions and replies thereto, hereby adopts as its own the findings of fact and conclusions of law contained in the proposal for decision, and incorporates said findings of fact and conclusions of law as if fully set out and separately stated herein.

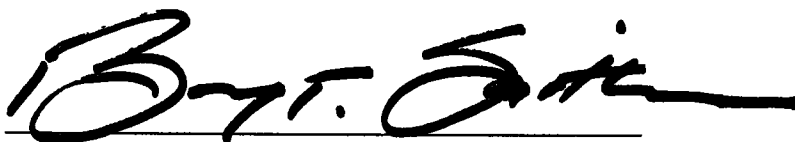

Therefore, it is **ORDERED** by the Railroad Commission of Texas that Injection Permit No. 13606 granted to Nor-Tex Resources, LLC for its Nor-Tex SWD No. 1, Eagleville (Eagleford-2) Field, Karnes County Texas is found to have been improperly issued without required notice and that permit is hereby cancelled and declared void *ab initio*.

Each exception to the examiners' proposal for decision not expressly granted herein is overruled. All requested findings of fact and conclusions of law which are not expressly adopted herein are denied. All pending motions and requests for relief not previously granted or granted herein are denied.

It is further **ORDERED** by the Commission that this order shall not be final and effective until 20 days after a party is notified of the Commission's order. Pursuant to TEX.
